Multiplication in columns — Key

4 digits × 2 digits · with regrouping

Use the matching edition. Other correct methods are valid.

Multiply by the ones, then by the tens. Add the two partial products.

1.

```
  6601
×   91
------
  6601
+ 59409
------
 600691
```

6601 × 91 = 600,691

2.

```
  8833
×   37
------
 61831
+ 26499
------
 326821
```

8833 × 37 = 326,821

3.

```
  9989
×   62
------
 19978
+ 59934
------
 619318
```

9989 × 62 = 619,318

4.

```
  2979
×   80
------
     0
+ 23832
------
 238320
```

2979 × 80 = 238,320

5.

```
  1752
×   46
------
 10512
+ 7008
------
 80592
```

1752 × 46 = 80,592

6.

```
  9441
×   86
------
 56646
+ 75528
------
 811926
```

9441 × 86 = 811,926
