Multiplication in columns — Key

4 digits × 2 digits · no regrouping

Use the matching edition. Other correct methods are valid.

Multiply by the ones, then by the tens. Add the two partial products.

1.

```
  3020
×   33
------
  9060
+ 90600
------
 99660
```

3020 × 33 = 99,660

2.

```
  1103
×   13
------
  3309
+ 11030
------
 14339
```

1103 × 13 = 14,339

3.

```
  3031
×   32
------
  6062
+ 90930
------
 96992
```

3031 × 32 = 96,992

4.

```
  2120
×   41
------
  2120
+ 84800
------
 86920
```

2120 × 41 = 86,920

5.

```
  1102
×   23
------
  3306
+ 22040
------
 25346
```

1102 × 23 = 25,346

6.

```
  1112
×   14
------
  4448
+ 11120
------
 15568
```

1112 × 14 = 15,568
