Double twice to multiply by 4

4 TIMES TABLE / STUDENT WORKSHEET

Name _____ Date _____

Worked example

For 4 × 5, double 5 to get 10. Double 10 to get 20.

Two groups of five and two more groups of five make four groups.

1–4 Find both doubles

Fact	First double	Double again
1. 4 × 3	_____	_____
2. 4 × 6	_____	_____
3. 4 × 8	_____	_____
4. 4 × 12	_____	_____

5 Find the missing factor

4 × ____ = 36

Work backwards. What is half of 36? What is half of that?

6 Use the strategy in a story

Four trays each hold 7 rolls. How many rolls are there altogether?

Show your two doubles and include the unit in your answer.
